

FULL SWING INTO 2019

BRANDI THOMPSON

I am so excited about 2019! I was recently in a meeting where it was said that 2019 is a year of manifestation, things happening, and to expect exceptional things. I've taken hold of that and am believing we will see exceptional things on the field this year. Not only that, I'm believing you will see exceptional things come to pass in your life this year!

I've had the great opportunity to join the pre-trip setup team for Thailand this year. That means I get to go in 3 weeks before the main team to schedule schools, find locations for street ministry, and finish setting up all the little details that make the team trip happen. I'm going to be able to learn so much on this trip and really have a chance to connect even more with the Thai people.

Shortly after getting back from Thailand I'll head out to Honduras for the team trip. This will be my first trip into a Latin American country with Global Ventures. I'm excited to see the culture and all God has for the people of Honduras.

Later in the year I'll head out to the Philippines. This is going to be a great trip because historically GV has seen some of their largest crusade gatherings in the Philippines. Also, we will be doing a water filter outreach in a community with great need.

You can help by beginning to pray even now. The GV team works all throughout the year to organize and set up these outreaches and your prayers make all the difference for us. You can also partner financially or even join in and come on a trip with me. I want to be a partner with you too. If you have any prayer points please send them over and I'll join my faith with yours. I'm so glad we are in this together!

STORIES FROM INDIA

DEAF EAR OPENED

My team met this man in a market place. He listened as we preached the Gospel on the side of the road. After receiving salvation he came up to ask for prayer for his hearing. He was deaf in one ear. Our team prayed and worked with him and by the time we were finished we were able to confirm that his hearing was restored. In a busy, loud, market area he was able to cover the good ear and hear us from over 5 yards away! Not only did this man find hope but Jesus did what only He can!

CLEAN WATER

I met these boys at our water filter outreach. They had the sweetest smiles and loved to laugh. They live in a very underprivileged village with dirt streets and huts with tarp roofs. The living conditions are rough with limited access to clean drinking water. The GV team was able to do a Gospel presentation and then present the water filters to this community. Now these boys have hope and health in their futures.

TUMOR DISAPPEARS

This man came up to my team on the street after the Gospel presentation and prayer for healing. He wanted to report his miracle that moments before he had a tumor on his back and now the lump was completely gone! He had received Jesus as Lord and was healed right on the spot without us even laying hands on him. We saw so many people in India receive healing miracles as they called upon the name of Jesus!

THANK YOU!

I hope you have enjoyed these stories. I can't say thank you enough to those who partner with me in prayer and financially to help make these trips happen. You're apart of these stories too! Lives are being changed forever for people who are just now getting the chance to hear the Gospel for the very first time. Let's keep building the kingdom together.
