

Thailand

The Land of Smiles

Thailand has been one of my favorite countries to minister in thus far. I am so glad I had the chance to be there for a month this year with Global Ventures. The first 3 weeks were full of prep and school scheduling. Our team was able to schedule over 70 school presentations! I learned so much about logistics and the work it takes to make a GV trip a success. I also got to attend 2 Thai church services and really connect with the nationals who were part of these churches. I was blown away by how welcoming and eager everyone was to have our team working alongside them. As we started the team week it was so fun to go back to some of the schools that I had scheduled and present the Gospel. We already had great rapport with the faculty which lead to them being open to receive Jesus. I really loved seeing everything come full circle after the weeks of preparation. Several teachers also asked us to pray for them and many were healed as well as the students! After I prayed for healing at one school there was a boy who was able to see long distances, which he couldn't do before!

Our evening crusades were amazing! One night there were 14 notable miracles that were presented on stage for everyone to see. Glory to God!! Korat, Thailand, will never be the same. Thank you for helping me be part of this team and getting the Gospel to these precious people.

P.S. I did actually eat crickets, grasshoppers, and frogs. All of which were pretty tasty!

Quick Stats:

35,781 people
heard the Gospel

27,806 salvations

224 confirmed
healings
